

MAGIC BOOK 2
LETTERLAND PICTURES (for stickers, memory cards etc)

These cards may be used in a number of ways. For instance:

- a)** You may print them on an adhesive paper so that they serve as stickers that may be used as a self evaluation portfolio (children stick the appropriate sticker for every chant that they can sing)
- b)** They can be laminated and put on a poster (using blu tac) after each chant is covered in class.
- c)** They may be printed twice, laminated and played as memory game (learners find the pairs)
- d)** They may be put in a box or bag and each learner draws a picture and is called to sing the appropriate song.
- e)** They may be printed (made stickers or laminated) and awarded as prizes (each time learners sing it so as to further motivate learners to revise and/or motivate shy learners)

These are only some of their uses we believe you will find many more! Hope you enjoy them!
